

## **11th Biennial English Teachers' Day**

**5 December 2018**

### **The Challenge of Teaching English in Secondary Schools**

PH Vienna is pleased to announce its 11<sup>th</sup> Biennial English Teachers' Day. Well-renowned national and international speakers will deliver engaging and communicatively-based workshops which will aim to provide teachers with practical tools, advice and ideas to employ in the classroom, and will encourage teachers to reflect upon their own professional development needs.

**09:00**

#### **Keynote speech**

**Russell Stannard**

#### **Key technologies that are impacting on teaching and learning**

Russell Stannard runs the popular website [www.teachertrainingvideos.com](http://www.teachertrainingvideos.com). He has over 25,000 teachers subscribed to his newsletter and surveys them on the technologies they are using in their teaching and learning. In this talk, Russell is going to highlight some of the key technologies being used in language teaching and demonstrate a number of examples which cover areas like speaking, reflection, assessment, the Flipped Classroom and teacher training.

A talk not to be missed, full of practical ideas from teachers all over the world using technology in their language classes.
